The Fort Scott Community College Alumni & Friends Association was organized in 1983 to promote the welfare of FSCC through the establishment of mutually beneficial relationships among alumni, students, parents of students, faculty, and friends of the college. The association promotes a spirit of loyalty and fellowship; provides a channel for the flow of information, needs and wants of the college and alumni; assists in publicizing programs; helps to interest prospective students in the college; and gives support to the Endowment Association.

The Alumni and Friends Association functions as a part of the development program. The association maintains a computerized database of names and addresses of alumni since 1919. Gifts may be designated for specific purposes and will be expended as directed by the donor or may be left unrestricted.

Foundation

Established in 1975, the Endowment Association functions as a non-profit, 501(c)(3) educational corporation that encourages, receives, and administers gifts and bequests to Fort Scott Community College in support of

the college mission. This private support provides the margin of excellence in college programs.

From modest beginnings, the Endowment Association, under the direction of a board of directors, now provides significant assistance to the college in the form of scholarships. In addition, at the request of a donor, gifts may be used for special projects.

Thanks to the generosity of many donors and the Endowment Association, FSCC will remain a vibrant, responsive, full-service institution, fully capable of fulfilling its mission.

Greyhound Club membership is open to those interested in supporting athletics at FSCC.

History of Fort Scott Community College

Established in 1919, Fort Scott Community College is the oldest continuous public community college in Kansas. The first graduating class in 1921 had two members. Originally, Fort Scott Junior College shared the Fort Scott High School building and operated as an extension of the high school program for students' 13th and 14th years of public education.

The college became a separate institution with a county-wide district pursuant to a 1965 act of the Kansas Legislature, and was renamed Fort Scott Community Junior College. After Bourbon County voters approved a general- obligation bond issue to purchase the land and construct the first two buildings, about 200 students moved to the present 150 acre campus in October 1967. Some federal funds also paid part of the original \$1.2 million cost. In 1967, FSCC also began offering courses in Paola.

The Administration Building was added in 1973. This building includes administrative offices and meeting rooms, cafeteria, college bookstore, classrooms, and an adjacent dormitory. In 2010, the building was renamed the Dick Hedges Administration Building.

In 1982, the college completed the 38,500 square- foot Arnold Arena, named in honor of Emory Arnold, an FSCC graduate and retired administrator. The arena serves agricultural, business, and sports, as well as community, state, and regional organizations. One side consists of a rodeo arena with earth floor and pipe fencing. The other half contains a basketball gym, weight training area, athletic dressing rooms, classrooms, a computer lab, and athletic offices.

In 1986, FSCC acquired the Pittsburg School of Beauty from Pittsburg State University. A year later, FSCC teamed up with several entities to provide workforce training and other classes at the Pittsburg Education Center. N. Jack Burris Hall, located between the Administration Building and Arnold Arena, was completed in 1989.

Boileau Hall opened in 2002 and is located to the northwest of Burris Hall. This dormitory, houses more than 100 students in a suite-type environment. It offers students a relaxed living atmosphere with a game room, spacious quarters, and a 103-space parking lot.

In 2004, FSCC purchased the Sister's of Mercy Convent upon its closing. FSCC renovated the space for community rooms and the nursing program. Also in 2004, FSCC remodeled a wing of the former Miami County Hospital at 501 S. Hospital Drive in Paola, which then became the Miami County Campus. This expansion nearly doubled FSCC's campus in Paola and created more opportunities for programs in the northern tier.

The Gordon Parks Museum and Center for Culture and Diversity was established in 2004 by FSCC to honor Fort Scott native Gordon Parks and to use his powerful life story to teach and inspire. Parks, who was a long-time photographer for Life magazine, also excelled as a writer, poet, musician, and filmmaker.

In 2009, FSCC opened the new Danny and Willa Ellis Family Fine Arts Center. This building includes a 600-seat

theatre, community meeting rooms, The Gordon Parks Museum and Center for Culture and Diversity, and the Kathy Ellis Academic Hall, which houses FSCC arts programs including Art, Band, Choir, Speech, Theatre, Esports, and Foundation.

In 2010, FSCC successfully secured the Kansas National Guard Armory building for campus expansion. John Deere is housed in the armory and Welding is the building adjacent.

The original Academic Building was renamed Robert & Sylvia Bailey Hall in 2011.

In 2014, the School of Cosmetology moved into the building at the southwest corner of Bailey Hall. The College also opened the new rodeo building for rodeo student-athletes. In 2019, the new Cleaver, Boileau, and Burris Agricultural Hall expansion was made possible thanks to generous donations from Chester Boileau and Lonnie Cleaver estates. The expansion consists of an extra 2,533 square feet, making the building 6,680 square feet! The extension has new offices, classrooms, bathrooms, and a trophy area to display our prestigious winnings from the Livestock and Meat Judging teams.

In 2021, FSCC acquired the Garrison Apartments, which are located just down the street from the main campus. The building was renamed the FSCC Garrison Apartments and became the second off-campus housing option in addition to Greyhound Lodge.
