

14th Annual Fort Scott Community College Math Relays

November 6, 2026

8:40 am – 2:00 pm

8:40-8:55	Registration – Bailey Hall– No Entry Fee- <u>NO CALCULATORS</u> allowed!
9:00-9:15	Simplification
9:20-9:35	Geometry (9 th , 10 th , 11 th Grade), Trigonometry (12 th Grade)
9:40-9:55	Equations and Inequalities
10:00-10:15	Mental Math
10:20-10:35	Set Theory/Logic
10:40-10:55	Potpourri
11:00-11:15	Algebra
11:20-11:35	Number Theory
11:40-11:55	Prob & Stats
12:00- 12:15	Word Problems
1:00-2:00	Awards Assembly (Ellis Building)

Rules:

- Each school will be allowed up to five students in an individual event per grade level. A student may enter up to four events. A student may enter either at their own grade level or higher. However, no student will be allowed to participate in an event lower than their grade level. **The first schools to send in student information through the registration link will have priority in each test.** Registration will open up in August. We will try to accommodate as much as possible.
- Each school must be accompanied by a faculty advisor, instructor, or mathematics coach. Faculty advisors will be asked to help grade tests if possible or needed; otherwise, they will supervise students. It will be the responsibility of the student to be at the designated place for the event. Timers will be set to begin and end tests so students will need to be close by when the door opens to begin the next event. Some tests may start late, but they will still end on time so students in the same test grade level will have the same amount of time on the test.
- Testing time will be 15 minutes with 5 minutes between events. Accuracy and time will both be factors in determining winners for all tests. If two students receive the same score, the one handing in the test first will be placed highest. If time does not break the tie, it will be broken by starting with question one and going down the list. The first person to miss loses the tie. If this does not determine the tiebreaker, a coin will be flipped and/or names drawn from a hat.
- **Calculators will NOT be allowed on any tests!** Cell phones will not be allowed out in the testing rooms. Cheating of any kind will forfeit the test. This includes the presence of a cell phone in the testing rooms. **Pencils must be brought by the student**, but scratch paper will be provided for each test. Students need to remember to enter all answers on the answer sheets since only answer sheets will be graded (and students will not be allowed to transfer answers to answer sheets after time has been called). Both test and answer sheet will be handed in. Marking on the main test is not preferred nor needed.
- Lunch will start after the last test is finished. However, you may start lunch early if you have no participants in the last test or if you are eating on campus. Dining Hall hours for lunch is 11:30-1:15pm.
- Fort Scott Community College reserves the right to cancel any event and to limit participation if necessary.

Awards:

- Individual medals will be awarded for first, second, and third place in each event for each grade level during the closing assembly. It is expected that the participant in any event must get at least one correct answer to place in the event.
- The awards ceremony will be at 1:00 pm in the Ellis Fine Arts Center to hand out the medals and congratulate the winners.
- Any high school senior who plans to attend FSCC next fall and places first in any category will be awarded a \$250 scholarship. For more information, please contact Lindsay Hill at lindsayh@fortscott.edu.
