### COMMENTS FROM THE CHAIR: None COMMENTS FROM THE PUBLIC: None

COSMETOLOGY PROGRAM UPDATE: Marlee Lake and Mindy Smith presented an update of FSCC's Cosmetology Program. Completion of the program takes 9 - 12 months. The school runs monthly specials, takes appointments and walk-ins. They highlighted a variety of careers cosmetology students can pursue. Since 2023, 28/30 state board tests were passed. Graduates take 2 written tests - a theory (why we do what we do) and a practical (how we do what we do). High school manicuring will start soon. Students will be able to take their manicuring licensure when complete. These students would have 150 hours to go toward their required hours. This offer will be open to Bourbon County students first. If there's still availability, Girard and Arma may be able to join too.

#### **DISCUSSION ITEMS**

**A. PEACEFUL ASSEMBLY POLICY:** Following is policy regarding peaceful assembly and expression on the campus of Fort Scott Community College. This policy will be presented for approval at the next Board meeting.

#### PEACEFUL ASSEMBLY POLICY

**Category:** Operations

**Policy Title:** Peaceful Assembly on Campus

**Policy Statement:** Fort Scott Community College (FSCC) values the rights of individuals to engage in peaceful assembly and expression. As a public educational institution, FSCC's facilities, grounds, and resources are dedicated to providing high-quality education and fulfilling the College's mission. The public character of FSCC does not extend to unrestricted use of its property, and individuals must exercise assembly rights in ways that do not disrupt or interfere with college operations, activities, or safety. This policy outlines guidelines balancing FSCC's educational mission with First Amendment expression.

#### **Procedures:**

- 1. **Eligibility for Campus Use:** In accordance with this policy, individuals or groups may use designated areas of the FSCC campus for First Amendment activities.
- 2. **Notification Requirement:** Groups must notify the FSCC Dean of Students or designee at least one week (7 calendar days) prior to the Event. The notification must include:
  - o The name, address, and contact details of the sponsoring organization;
  - o The name and contact details of an event organizer;
  - The date, time, and requested location for the Event;
  - The purpose and nature of the Event;
  - o Information on any sound amplification devices; and
  - Estimated number of participants.
- 3. **Signage:** Signs may be no larger than 2' x 2', with each participant allowed one sign.
- 4. **Event Scheduling:** No Event may take place on the same date as other major College events expected to attract over fifty (50) people. Events are limited to weekdays, 8:00 a.m. to 8:00 p.m.
- 5. **Event Duration:** Each Event may last up to five hours.
- 6. **Event Location:** Unless otherwise approved, the designated assembly area is the lawn adjacent to the Danny and Willa Ellis Fine Arts Center. Approval must be obtained from the FSCC Dean of Students or designee.

- 7. **Sound Amplification:** Permitted within the designated assembly area if the volume does not disrupt College operations, including classes, residence halls, offices, or other activities.
- 8. **Information Distribution:** Handouts are permitted provided they are not obscene, libelous, or advocating unlawful conduct. Inclusion of the Sponsoring Organization's name is recommended.
- 9. **Solicitations:** Selling or soliciting funds is not allowed during Events.
- 10. **Building Access:** Demonstrations or events are not permitted inside FSCC buildings.
- 11. **Cleanup Responsibility:** The sponsoring organization is responsible for restoring the area to its original condition. Additional charges may apply if damage or excessive cleanup is required.
- 12. **Safety and Compliance:** All fire, safety, and sanitation regulations must be observed, and no College utilities or hook-ups will be provided.
- 13. **Traffic and Safety Considerations:** The Event must not obstruct campus traffic or access to FSCC buildings and should not pose safety risks to students, employees, or visitors.
- 14. **Academic Interference:** Activities must not interfere with instructional or operational activities at FSCC.
- 15. **Protection of Rights:** Events must not infringe on the rights of FSCC students, staff, or visitors.
- 16. **Disruption and Termination:** FSCC may terminate an Event that becomes disruptive. Organizers are financially responsible for any necessary restoration if the event area is left in disarray.
- 17. **Compliance with Policies and Laws:** All Events must comply with FSCC policies, Kansas Board of Regents regulations, and relevant local, state, and federal laws.
- 18. **Presidential Authorization:** The FSCC President or their designee may authorize First Amendment activities that, despite minor procedural deviations, do not disrupt FSCC activities. Content neutrality will be observed.
- 19. **Authority to Remove Individuals:** Any person violating this policy may be asked to leave the campus by FSCC security personnel. Noncompliance may result in criminal trespass charges.
- 20. **Support for Expression:** FSCC recognizes and upholds the rights of non-College groups to engage in First Amendment activities. This policy ensures such activities align with the College's mission and operational needs.

**B. PROGRESSIVE DISCIPLINE POLICY:** Following is a progressive discipline policy to formalize the manner in which personnel situations are handled. This policy will be presented for approval at the next Board meeting.

#### PROGRESSIVE DISCIPLINE POLICY

# **Purpose**

Fort Scott Community College's progressive discipline policy and procedures are designed to provide a structured corrective action process to improve and prevent a recurrence of undesirable employee behavior and performance issues.

Outlined below are the steps of Fort Scott Community College's progressive discipline policy and procedures. Fort Scott Community College reserves the right to combine or skip steps depending on the facts of each situation and the nature of the offense. Some of the factors that will be considered are whether the offense is repeated despite coaching, counseling or training; the employee's work record; and the impact the conduct and performance issues have on the organization.

Nothing in this policy provides any contractual rights regarding employee discipline or counseling, nor should anything in this policy be read or construed as modifying or altering the employment-at-will relationship between Fort Scott Community College and its employees.

#### **Procedure**

## Step 1: Counseling and verbal warning

Step 1 creates an opportunity for the immediate supervisor to bring attention to the existing performance, conduct or attendance issue. The supervisor should discuss with the employee the nature of the problem or the violation of company policies and procedures. The supervisor is expected to clearly describe expectations and steps the employee must take to improve his or her performance or resolve the problem.

Within five business days, the supervisor will prepare written documentation of the verbal counseling. The employee will be asked to sign this document to demonstrate his or her understanding of the issues and the corrective action.

## Step 2: Written warning

The Step 2 written warning involves more-formal documentation of the performance, conduct or attendance issues and consequences.

During Step 2, the immediate supervisor and a division manager or director will meet with the employee to review any additional incidents or information about the performance, conduct or attendance issues as well as any prior relevant corrective action plans. Management will outline the consequences for the employee of his or her continued failure to meet performance or conduct expectations.

A formal performance improvement plan (PIP) requiring the employee's immediate and sustained corrective action will be issued within five business days of a Step 2 meeting. The written warning may

also include a statement indicating that the employee may be subject to additional discipline, up to and including termination, if immediate and sustained corrective action is not taken.

# Step 3: Suspension and final written warning

Some performance, conduct or safety incidents are so problematic and harmful that the most effective action may be the temporary removal of the employee from the workplace. When immediate action is necessary to ensure the safety of the employee or others, the immediate supervisor may suspend the employee pending the results of an investigation.

Suspensions that are recommended as part of the normal sequence of the progressive discipline policy and procedures are subject to approval from a next-level supervisor and HR.

Depending on the seriousness of the infraction, the employee may be suspended without pay in full-day increments consistent with federal, state and local wage and hour employment laws. Nonexempt/hourly employees may not substitute or use an accrued paid vacation or sick day in lieu of the unpaid suspension. In compliance with the Fair Labor Standards Act (FLSA), unpaid suspension of salaried/exempt employees is reserved for serious workplace safety or conduct issues. HR will provide guidance to ensure that the discipline is administered without jeopardizing the FLSA exemption status.

Pay may be restored to the employee if an investigation of the incident or infraction absolves the employee of wrongdoing.

# Step 4: Recommendation for termination of employment

The last and most serious step in the progressive discipline process is a recommendation to terminate employment. Generally, Fort Scott Community College will try to exercise the progressive nature of this policy by first providing warnings, issuing a final written warning or suspending the employee from the workplace before proceeding to a recommendation to terminate employment. However, Fort Scott Community College reserves the right to combine and skip steps depending on the circumstances of each situation and the nature of the offense. Furthermore, employees may be terminated without prior notice or disciplinary action.

The supervisor's recommendation to terminate employment must be approved by human resources and the appropriate dean or vice president and college president.

## **Appeals Process**

Employees will have the opportunity to present information to dispute information management has used to issue disciplinary action. The purpose of this process is to provide insight into extenuating circumstances that may have contributed to the employee's performance or conduct issues while allowing for an equitable solution.

If the employee does not present this information during any of the step meetings, he or she will have ten business days after each of those meetings to present such information.

## Performance and Conduct Issues Not Subject to Progressive Discipline

Behavior that is illegal is not subject to progressive discipline and may result in immediate termination. Such behavior may be reported to local law enforcement authorities.

Similarly, theft, substance abuse, intoxication, fighting and other acts of violence at work are also not subject to progressive discipline and may be grounds for immediate termination.

# **Documentation**

The employee will be provided copies of all progressive discipline documentation, including all PIPs. The employee will be asked to sign copies of this documentation attesting to his or her receipt and understanding of the corrective action outlined in these documents.

Copies of these documents will be placed in the employee's official personnel file.

**C. FACULTY QUALIFICATIONS POLICY:** Following is a policy regarding minimum qualifications of faculty as well as a supplemental document that follows the Higher Learning Commission's policy on assumed practices regarding faculty qualifications. This policy will be presented for approval at the next Board meeting.

# **FACULTY QUALIFICATIONS POLICY**

Fort Scott Community College employs qualified faculty members to support its mission and objectives, ensuring the provision of high-quality education and training for all students. Faculty are selected based on their academic credentials, professional experience, and commitment to fostering student success, aligning with the institution's dedication to academic excellence and career readiness. This policy applies to the hiring of all full-time, part-time, and adjunct faculty positions, including those in both academic (non-technical) and career and technical disciplines.

# **Minimum Qualifications:**

FSCC follows the Higher Learning Commission's (HLC) Policy on Assumed Practices (CRRT.C.10.010) to determine acceptable faculty qualifications. Factors considered for faculty qualifications "may include, but are not limited to: the achievement of academic credentials, progress toward academic credentials, equivalent experience, or some combination thereof".

"Achievement of academic credentials means that an instructor possesses an academic degree relevant to what they are teaching and at least one level above the level at which they teach, except in programs for terminal degrees. In terminal degree programs, an instructor possesses the same level of degree. In the context of general education courses, or other non-occupational courses, achievement of academic credentials typically means that an instructor holds a master's degree or higher. Generally, this degree is in the discipline or subfield in which the instructor is teaching. If an instructor holds the degree in a discipline or subfield other than that in which they are teaching, the individual has completed a reasonable amount of coursework in the discipline or subfield in which they teach."

Faculty teaching in career and technical programs must meet instructional standards required by programs with national or state accreditations and align with industry credentialing and experience requirements. For individual courses, please refer to the faculty qualifications document. Exceptions can be made at the discretion of the Vice President of the Academic Affairs. If an exception is made, a written explanation must be noted on the faculty credential exception form and signed by the Division chair and Vice President of the Academic Affairs.

# **Professional Development and Compliance:**

All faculty are expected to maintain compliance with credentialing requirements and participate in ongoing professional development, including activities that support teaching effectiveness and alignment with accreditation standards.

- Provide examples of conduct which is deemed to constitute actual or apparent conflict of interest:
- Describe the process by which disclosure of actual, potential or apparent conflicts of interests, are to be made by Fort Scott Community College Employees or representatives; and
- Describe enforcement of the conflict of interest policy.

For the purpose of these regulations and procedures, the following definition applies. "Conflict of interest" means the existence of an Employee's financial or personal considerations which may, or may appear to, impair or compromise the performance of the Employee's duties as a Fort Scott Community College Employee for or on behalf of Fort Scott Community College.

# **Types of Conflict**

A conflict of interest, or apparent conflict of interest, exists when an Employee or person acting for or on behalf of Fort Scott Community College:

- Seeks personal gain through his/her employment at Fort Scott Community College;

- His/her ability to fulfill her/his obligations to Fort Scott Community College as an Employee; or,
- The Employee's judgment in the performance of Fort Scott Community College duties and responsibilities.

## **Personal Gain**

The following are examples of conduct which present a conflict of interest when personal gain accrues to the employee or a member of his/her family or others with whom he/she is associated. A person uses, or attempts to use:

## **PURCHASING POLICY**

# CURRENT POLICY, revised 4/22/24, 9/23/24

The Board will purchase competitively without prejudice and seek maximum educational value for every dollar expended. The Board reserves the right to establish the quality of any goods or services purchased by the college, and said quality control shall not be subject to negotiations. The Board also reserves the right to maintain cost control authority over goods or services purchased by the college.

All college purchases (\$25-\$1,999.99) must be submitted and approved through the DPS/POISE system before the purchase is made. A purchase order must be approved and a purchase order number assigned before any college purchase can be made. **Purchases made without an approved purchase order (in advance) shall be paid for by the employee.** 

To make a purchase for a student organization or student-sponsored activity, a Purchase Order Requisition must be approved by the sponsor and appropriate Director, Vice President, or designee, after which it is processed through the Business Office. Requisitions will go to the President for final approval. The requisition must match the invoice within \$25 excluding shipping. If the overage is more than \$25 a supplemental requisition must be created. At any time that the circumstance arises when the employee responsible for approving the requisition is unavailable for an extended period of time, email authorization to temporarily assign a different approver must be submitted to the Business office. By electronically approving the requisition, the approver implies that all supporting documentation has been reviewed and the transaction is appropriate, accurate and complies with all policies.

## **Bid Requirements**

The submitted bids from interested vendors will then be presented at the next Board of Trustees meeting for final approval.

Bid specifications including deadline for the bid submissions may be made public through the college approved newspaper or the FSCC website.

Bid Requirements will not be artificially divided by using multiple purchase orders to circumvent the bidding process.

## **Petty Cash Account**

As authorized by K.S.A. 72-8208, the Board of Trustees approves the establishment of a Petty Cash Fund in an amount not to exceed three thousand five hundred dollars (\$3500). ## **DRUG/ALCOHOL FREE CAMPUS**

Alcoholic beverages and illegal drugs are prohibited on college property.

The possession, distribution, or use of alcoholic beverages, or the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance on the FSCC campus, within the college buildings, or at any college-sponsored event is strictly prohibited. Violation will result in immediate disciplinary action up to and including dismissal from the college.

FSCC has long recognized that an academic community is harmed in many ways by the abuse of alcohol and the use of the other drugs. This high-risk behavior is exemplified by decreased productivity of members of the

community, serious health problems, strained and social interactions as well as forms of vandalism. Problems associated with the illicit use and abuse of substances have a pervasive impact upon the academic community and are not associated with a single socioeconomic group or age level. The processes of education and learning are especially impaired by alcohol abuse and the use of illicit drugs. FSCC subscribes to the basic philosophy of the Network of Colleges and Universities Committed to the Elimination of Drug and Alcohol Abuse.

FSCC enforces clear policies that promote an educational environment free from the abuse of alcohol and other drugs.

FSCC will provide an educational program for its students for the purpose of preventing alcohol and other drug abuse, as well as providing educational information to the academic community for them to make informed and responsible decisions concerning the use of any controlled substance.

FSCC will create an environment that promotes and reinforces: healthy responsible living; respect for community laws, campus standards and regulations; the individual's responsibility within the community; and the intellectual, social, emotional, spiritual or ethical and physical well-being of its community members.

FSCC will provide opportunity for a reasonable level of care for alcohol and other drug abusers through counseling, referral, and treatment. The college is committed to a healthy environment for learning and living.

## SEXUAL HARASSMENT: CHANGE

Please reference FSCC's Equal Opportunity, Harassment, and Nondiscrimination for All Faculty, Students, Employees, and Third Parties Policy within FSCC's Board Policy found on the Employee Pages.

## SEXUAL HARASSMENT: ORIGINAL

With respect to the following sexual harassment policy, it is understood that "member of the college" or "college member" encompasses students, Board members, administrators, certified and support personnel, full time faculty, adjunct faculty, vendors, or any other having business or other contacts with the college.

FSCC is committed to providing a learning and working environment that is free from all forms of discrimination and conduct that can be considered harassing, coercive, or disruptive, including sexual harassment. Verbal or physical conduct based on college member's sex, race, color, national origin, age, religion, disability, veteran status, or any other legally protected characteristic will not be tolerated either to or by other members of the College. The College shall provide ongoing anti-harassment training to ensure its learning and working environment is free of sexual and other unlawful harassment.

By definition, sexual harassment is unwanted, unwelcome, inappropriate, or irrelevant sexual or gender-based sexual advances. Conduct is unwelcome if the individual did not request or invite it and "regarded the conduct as undesirable or offensive." Acquiescence in the conduct or the failure to complain does not always mean that the conduct was welcome.

Unwelcome sexual advances, requests for sexual favors, and other visual, verbal, or physical conduct of a sexual nature constitute sexual harassment when:

- Submission to such conduct is made either explicitly or implicitly as a term or condition of employment, or a factor in the benefits, services, or opportunities received in the College's educational programs; or
- Submission to or rejection of such conduct by an individual is used as a basis of employment or education decisions; or
- Such conduct has the purpose or effect of interfering with work or educational performance; or
- Such conduct creates an intimidating, hostile, offensive or demeaning environment.

Sexual harassment can include unwelcome sexual advances, requests for sexual favors, and other verbal, nonverbal, or physical conduct of a sexual nature. Sexual harassment of a member of the college can deny or limit, on the basis of sex, the member's ability to participate in or to receive benefits, services, or opportunities in the school's programs or employment. Sexual harassment is, therefore, a form of sex discrimination prohibited by Title IX.

Examples of sexual harassment to or from any member of the college include but are not limited to:

- Unwanted sexual advances, including verbal advances or propositions.
- Offering or denying employment and/or benefits based on receipt of sexual favors.
- Making or threatening reprisals after a negative response to sexual advances.
- Visual conduct that may include leering, making sexual gestures, or displaying of sexually suggestive objects, pictures, cartoons, or posters.
- Verbal conduct that includes making or using derogatory comments, epithets, slurs, or jokes.
- Verbal abuse of a sexual nature, graphic verbal commentaries about an individual's body, sexually degrading words used to describe an individual, or suggestive or obscene letters, notes, or invitations.
- Physical conduct may include touching, assaulting, or impeding or blocking movements.

Any member of the college who believes that he or she is or has been the victim of sexual harassment by another member of the college should report in writing the alleged acts immediately to the Human Resource Director, Fort Scott Community College, 2108 S. Horton Fort Scott, KS 66701, 620-223-2700. Additionally, any FSCC employee with knowledge or belief of conduct that may constitute sexual harassment is obligated to immediately report the incident to the Human Resource Director, Fort Scott Community College, 2108 S. Horton Fort Scott, KS 66701, 620-223-2700.

Upon receipt of the report of complaint alleging sexual harassment or sexual violence, the college will immediately authorize an investigation. This investigation will be conducted FSCC's HR Director (and/or his/her designee).

In determining whether the alleged conduct constitutes sexual harassment or sexual violence, the college should consider the surrounding circumstances, the nature of the sexual advances, relationships between the parties involved, and the context in which the alleged incidents occurred. Whether a particular action or incident constitutes sexual harassment or sexual violence requires a determination based on all the facts and the surrounding circumstances. The investigation may consist of personal interviews with the complainant, the individuals against whom the complaint is filed, and others who have knowledge of the alleged incident(s) or circumstances giving rise to the complaint. The investigation may also consist of any other methods and documents deemed pertinent by the investigator.

Upon receipt of such report, FSCC will immediately investigate the matter and take prompt and effective action to stop the harassment and prevent its recurrence. In all cases, FSCC should make every effort to prevent disclosure of the names of all parties involved (the complainant, the witnesses, and the accused) except to the extent necessary to carry out an investigation.

A complete report of the investigation shall be made within thirty calendar days to the president, dean of students, or the dean in charge of the immediate work area upon completion of the investigation. Upon receipt of a recommendation that the complaint is valid, the Board of Trustees will be informed of the action recommended by the president. The college will take such disciplinary action as it deems necessary and appropriate including warning, suspension, or immediate discharge of an employee or expulsion in the case of a student to end sexual harassment and/or sexual violence and prevent its reoccurrence.

The college will discipline any individual who retaliates against any person who reports alleged sexual harassment or sexual violence or retaliates against any person who testifies, assists, or participates in an investigation proceeding, or hearing relating to a sexual harassment or sexual violence complaint.

Retaliation includes, but is not limited to, any form of intimidation, reprisal, or additional harassment.

The latest driver of a vehicle is to report any defect found in a college vehicle to the Director of Logistics to be repaired as soon as possible.

All drivers shall register valid driver licenses upon hire and renewal with the Director of Logistics. Employees whose job responsibilities set forth the expectation of driving College vehicles must provide a copy of a current motor vehicle record (MVR) to the Director of Logistics. FSCC will reimburse the employee for the cost of obtaining the MVR. The MVR and insurance review may disqualify the person from operating a vehicle for College business and may jeopardize his/her employment if it is dependent on vehicle operation. Drivers shall provide an updated MVR to the Director of Logistics for further insurance review after at-fault accidents and moving violations. If a driver's license is suspended or revoked at any time, the driver shall report such suspension or revocation to the Director of Logistics and shall not drive a school vehicle until restored to good standing.

Recorded violations that exceed the following will be justification for denying authorization to a requesting driver. Where it is indicated that proof is necessary to lessen the restriction, acquiring and presenting that proof is the responsibility of the requesting driver.

Restrictions are based on the previous 12 month driving period and are in effect until the restriction period has expired.

## Speed in excess of the maximum posted

- o Two citations-one or both less than 10 mph above the maximum posted six months
- Two citations more than 10 mph above the posted or three or more citations at any speed one year.

## Accidents

- Proof of citation showing no one at fault no restriction (provide copy of police report or proof of payment by the other insurance carrier to show a nonchargeable accident)
- One accident where found at fault six months
- o Two accidents either at fault or not at fault one year

Any authorized driver charged and ultimately convicted for driving while intoxicated (DWI) or driving under the influence (DUI) while operating a vehicle is subject to immediate loss of driving privileges, and, if alternate duties cannot be assigned, will be subject to termination.

#### **KEYS: CHANGE**

Employees will receive a key to the building in which their classrooms and offices are located. Employees will be expected to sign for keys and return them to the Maintenance Department when leaving employment. If keys are lost, Maintenance should be notified immediately. The supervisor will notify the Maintenance Department who needs keys and what keys are needed. After Maintenance has been notified, the keys will be cut and the faculty or staff member may pick them up from the Maintenance Department. If keys for any other area of the campus are needed, a written request must be made to the employee's supervisor. The supervisor will then either approve the request and forward it to the Maintenance Department or deny the request. Approved requests will be processed and the employee will be notified when the key or keys are ready.

#### **OPERATING BUDGET SYSTEM: NONE**

The Board delegates to the President the authority to develop a budget preparation system which will ensure maximum fiscal and educational value for each dollar spent and provide data and a basis for the interpretation of data. The budget will be prepared by the President in cooperation with selected college employees and shall reflect the mission of the college. A preliminary draft of the budget will be submitted to the Board on or before the July Board meeting each year. The Board encourages detailed cost analysis studies of all programs that are funded by the college's budget. The Board will establish priorities for the college on a short term, intermediate, and long range basis. The President shall establish deadlines and time schedules and the college shall follow the adopted budget.

# **BUDGET HEARINGS AND REVIEWS: NONE**

The Board will conduct budget hearings according to state law. All budget reports, cover letters, and copies of the draft budget will be available to the public upon request.

# **EMPLOYEE INVOLVEMENT IN BUDGET PLANNING: NONE**

To assist in budget preparation, departments must make a reasonable estimate of their budget for the ensuing academic year. Employees may be requested to restrict their purchases within the budget to a percentage basis contingent upon full funding at a later period. Requests for special equipment not normally within the departmental budget should be made to the division chairperson or supervisor, and then to the appropriate dean. Such requests are subject to prioritization and availability of funds.

#### **BONDED EMPLOYEES: NONE**

The Board shall purchase a blanket or surety bond for all college employees in the following special positions: Dean of Finance - \$50,000; Treasurer - \$50,000; Cashier - \$25,000; Cashier - \$5,000.

## **INVENTORIES: CHANGE**

An account will be made annually for all property, real and personal, owned by the college with a copy of the inventory kept by the Vice President of Finance and Operations. Each College supervisor has the responsibility of taking an inventory of college owned property in all buildings under his/her supervision, using a plan developed by the Dean of Finance and Operations, and using the college's system of marking new inventory. All inventory records shall be updated annually, showing deletions and additions of college owned property, estimated value, estimated original cost, date of purchase, serial numbers, location, and condition of each piece of property. # **CONFERENCE ATTENDANCE: CHANGE**

Each faculty member is advised to attend at least one conference, workshop, or presentation in his/her teaching field. Requests for attendance and reimbursements are submitted to the Vice President of Academic Affairs and submitted at least one week before the trip. Advances for expenses are made only in cases where a staff member is paying the expenses for a group such as athletic teams, a study activity group which has its own account with an adequate balance, or the cost of the trip plus expenses exceeds \$30.00. If the faculty member expects to miss class or other assigned duties, a suitable replacement will have to be provided or procedure for making up the class time missed before approval for the trip is given.

#### **COMMENCEMENT ATTENDANCE: NONE**

The philosophy of Fort Scott Community College places the student first and foremost; therefore, full-time and part-time faculty are encouraged to attend commencement exercises to demonstrate that concern for the student does not end in the classroom. Faculty members are expected to be appropriately attired for this event.

#### ATTENDANCE AT COLLEGE FUNCTIONS: NONE

Implied in the designation "community college" is the requirement that instructors in this type of institution be willing to give more freely of their time than is the case of the traditional liberal arts college. There is no policy that members of the teaching faculty attend all college functions; but they are urged to be aware of their obligations and attend as many functions as time and opportunity allow.

# **BUILDING AND EQUIPMENT: CHANGE**

Instructors are responsible for locking their room and office, turning out lights when they are not in use, and maintaining the property in their room and office. An attempt should be made to keep papers off the floor and chairs in an orderly arrangement in the classroom. Students will cooperate in good housekeeping if properly inspired. Instructors should report to the Director of Facilities and operations any conditions outside of routine maintenance that need attention; they should not contact custodial staff personally. The Director of Facilities and Operations should also be notified if custodial duties are not done satisfactorily. All remodeling should be discussed with and approved by the appropriate Vice President, and a work order should be submitted.

# SPONSORS OF STUDENT ORGANIZATIONS: NONE

Faculty members are expected to give guidance to the organizations and activities of which they are sponsors, and to approve any activities scheduled by the officers of that group. New organizations should submit the following information to the Dean of Students: a) name, b) purpose, c) constitution, and d) name of faculty sponsor. Faculty sponsors will ensure that plans for any activity in question conform to general college policy and are approved by the Dean of Students. Faculty sponsors will not permit students to undertake projects which will consume an

undue amount of the students' time. Scholarship standards, workloads and the health and safety of the student should take precedence over all student activity participations. The faculty sponsor will delegate as much responsibility as possible to students, but he/she should be sure to identify procedures for filling this responsibility. Sponsors of plays, assembly programs, and other forms of entertainment will have full knowledge of its content and manner of presentation. Material presented can be controversial but should be in good taste. It is the responsibility of the faculty sponsor or an authorized representative to be present at all events scheduled by the group for which he/she is sponsor. The sponsor will see that chaperones are secured when necessary. The sponsor will also work with the Public Relations Office to ensure that proper publicity is secured. Sponsors will hold organization treasurers responsible for complete and accurate records. A financial statement shall be submitted monthly by the treasurer of the Activity Fund to organization sponsors and treasurers showing the total receipts and disbursements as well as the old and new balance for the month. Before any organizational money is spent, an officer, preferably the president, and the sponsor must give their approval. Use of Administration Office supplies such as paper clips, scotch tape, etc., is discouraged without the appropriate Dean's permission. Requisitions will be filled out for all orders and purchases. Faculty sponsors who use school equipment in a location outside the school's confines will fill out a request form. If equipment is moved to another location in the building it is expected that the equipment be returned to its proper location after use. If the period of usage is over an extended period of time (longer than over night) there must be a notice at the former location as to where the equipment can be found.

#### **EXTRA DUTY ASSIGNMENTS: NONE**

Cooperation among all staff members is necessary to provide adequate supervision and sponsorship of the student activities in the College. Club and student organization supervision and sponsorship duties may be selected by the instructors who may be compensated for their services in accordance with the rate established by the Board of Trustees.

# FIELD TRIPS: CHANGE

Field trips that require students to miss class should be kept to a reasonable minimum. Authorization for the trip must be secured from the Vice President of Academic Affairs and travel authorization forms completed electronically. An instructor can only be reimbursed at the college rate for use of his/her own vehicle if no FSCC vehicles are available and he/she is properly insured according to Kansas statutes. Absences from classes for field trips may be excused by following these procedures:

- In advance of the trip, the faculty sponsor of the trip must submit a list of the participating students to the Vice President of Academic Affairs.
- Following approval by the Vice President, the sponsor then submits the lists of students to the Dean of Students for distribution to each faculty member at least one week in advance.
- Students should not be penalized by other instructors for such approved absences.

## **GUEST LECTURES: CHANGE**

A faculty member who wishes to invite a resource person to appear before his/her classes or any other group of students (such as a student club) under his/her sponsorship should contact the Vice President of Academic Affairs in advance. The instructor should interpret this procedure as a formality, as it can be expected that only in the rarest instance will clearance be withheld. To protect himself/herself as well as the college from possible embarrassment, the instructor is asked to observe this procedure. Instructors are encouraged to use persons of the community as institutional resources for their classes. Such services to the college will, in general, be considered as a public service on the part of the resource person and will not normally be compensated. Unusual circumstances, however, such as repeated or lengthy appearances or when such persons must travel from outside the college district, may entitle the person to special compensation. In such cases, the instructor will submit a form to the division requesting the use of a resource person requiring compensation and shall receive approval prior to making final arrangements with the resource person.

## **WORKSTUDY HELP: CHANGE**

Departments may be provided with workstudy assistance by requesting such a position through the Financial Aid Office. The assistance is provided by the College Work-Study program and can be funded either by federal or institutional funds. Due to the fluctuation of the amount of monetary funds available to these programs, there are a limited number of positions which can be designated, so an early request is suggested.

Every year there are different needs so no position is automatically given. Each new academic year you need to request your desired workstudy position and give a written description of the duties for the job you are requesting. By accepting this support you obligate yourself and your employee to do the proper paperwork for the financial aid office and will be responsible for completing and signing the weekly time sheets. Students cannot work during the time that they are enrolled in and are attending classes.

#### SUMMER SESSION ASSIGNMENT: CHANGE

Summer session assignments are established by the Division Chairpersons in October, when the summer schedule is finalized, to determine how many faculty are interested in teaching during the summer sessions.

## SUMMER SESSION ASSIGNMENT: ORIGINAL

Summer session assignments are made through the Division Chairpersons by the Dean of Instruction who will poll the faculty approximately 90 days before the end of the spring semester to determine how many are interested in teaching during the summer sessions.

# SUPPLEMENTAL/OVERLOAD CONTRACTS: CHANGE

Supplemental or overload contracts are approved by the Vice President of Academic Affairs and may be issued to part-time instructional staff and those faculty members whose instructional load exceed 15 credit hours on a semester basis. Compensation is based upon the number of students officially enrolled as determined by the certification roster and the number of credit hours of the particular course. For overload contracts, total enrollment will be divided by the number of courses taught in the semester to determine class average. If class sizes averages 10 or greater, overload courses will be paid at the full rate for full time instructors. Eight shall be the minimum enrollment number for online courses. Should enrollment fall below 8 students, instructors are compensated on a prorated basis.

#### TEACHING LOAD AND RELATED RESPONSIBILITIES: NONE

Please refer to the FS-CAPE Negotiations Agreement for teaching load and related responsibilities.

# USE OF DANGEROUS EQUIPMENT AND MATERIALS: NONE

Public institutions may be held liable for injuries sustained by persons using dangerous equipment and materials on the institution's premises. For this reason it is essential that the instructor exercise every precaution to see that such equipment and materials used in his/her classes are handled only when he/she is present. Each instructor is responsible for familiarizing himself/herself with the safety procedures and regulations attendant to the conduct of his/her assigned class schedule.

# WORKSHOPS/OUTSIDE GROUPS: CHANGE

All proposed workshops and any events involving groups from outside the college must be cleared through the Vice President of Instruction or Vice President of Finance and Operations. Workshops involving college students must be cleared through the Dean of Students.

# **TUTORING STUDENTS: CHANGE**

In the absence of a formal policy governing the tutoring of students, instructors may make such arrangements as are mutually acceptable to the student and himself/herself. Students may also access tutoring through the Student Success Center.

## TUTORING STUDENTS: ORIGINAL

In the absence of a formal policy governing the tutoring of students, instructors may make such arrangements as are mutually acceptable to the student and himself/herself. It should be remembered, however, that private tutoring should not play a large part in community college instruction.

#### **DIVISION CHAIRPERSON: NONE**

The Division Chairperson handles the flow of communication between the Administration and his/her respective Division. The Division Chairperson assumes routine administrative responsibilities for the Division, such as class scheduling, division budget preparation, and coordination of school policy. See the Division Chair job description for further details about Division Chair responsibilities.gb

## **FACULTY/STUDENT BULLETINS: CHANGE**

Faculty/Student Bulletins are published and distributed each week during the Fall and Spring semesters; generally on Monday mornings or the next day should there be a scheduled or unscheduled school closing. Anyone desiring to include items in this bulletin should submit the information to the Digital Content Specialist the Friday before the announcement is needed.

## • FACULTY/STUDENT BULLETINS: ORIGINAL

#### **TEACHING CONTROVERSIAL ISSUES: NONE**

The teaching staff is encouraged to keep abreast of current and innovative teaching methods. Experimentation is encouraged in the area of teaching methods. If education is to remain a viable force, controversial issues cannot be ignored. Good teaching techniques provide, however, that adequate preparation on the part of students and instructor take place before controversial issues are explored. Every controversy has two or more sides; it is therefore imperative that instructors ensure that all issues, facts, and questions regarding any controversial subject are thoroughly studied. Instructors should be aware that controversy may spring from the most innocuous beginnings and be prepared to the best of their ability. Included in the area of controversial subject are ideas, words, movies, still pictures, religion, books, socioeconomic aspects of life and political policies, theories and platforms.

#### **TEACHING ABOUT RELIGION: NONE**

Instructors may teach about religious literature and history but are prohibited from criticizing, expounding or ridiculing a religion. The Bible may be used to teach about religion, but use of the Bible is prohibited if used to teach a particular religious doctrine other than as outlined above. Students and staff members may be excused from participating in practices contrary to their religious beliefs. No public funds will be spent by the Board in the form of wages or salary for any college employee to sponsor any religious activity or to pay expenses of any student or employee to attend any religious activity or conference. The use of religious symbols, such as a cross, menorah, crescent, Star of David, crèche, symbols of Native America religions or other symbols that are a part of a religious holiday, is permitted as a teaching aid or resource, provided such symbols are displayed as an example of the cultural and religious heritage of the holiday and are temporary in nature. The college calendar should be prepared so as to minimize conflicts with religious holidays of all faiths. Emphasis on religious themes in the arts, literature, and history should be only as extensive as necessary for a balanced, thorough study of these areas. Such studies should not foster any particular religious tenets or demean any religious beliefs.

#### **ACADEMIC FREEDOM: NONE**

The Board of Trustees and the Fort Scott College Association of Professional Employees (FS-CAPE) agree that academic freedom is essential to the fulfillment of the purposes of the college. They acknowledge the fundamental need to protect from any censorship or restraint the status of Professional Employees which might interfere with their obligation to pursue truth in performance of their functions.

Professional employees are entitled to freedom in searching for better ways of instructing and in publishing about their methods of instruction, subject to adequate performance in their other academic duties and responsibilities.

Faculty members are entitled to freedom in the classroom in discussing subject matter, but they should be cautious about introducing controversial matter which has no relationship to the subject. The college retains the right to make content-based decisions when shaping its curriculum.

Research or publication conducted during the college workday shall be subject to the approval of the College President or his/her designee.

When a faculty member speaks or writes outside of his/her instructional responsibilities, he/she speaks or writes as a citizen and shall have the same rights and responsibilities for such actions as any other citizen.

#### **COPYRIGHT LAWS: NONE**

The copyright laws of the United States make it illegal for anyone to duplicate copyrighted materials without the expressed permission of the copyright holder. Unauthorized copying shall be considered a violation of college policy. Severe penalties are provided for unauthorized copying of all materials covered by the act unless the standards of the "fair use" provision within the act are met. The legal or insurance protection of the college shall not be extended to employees who violate any provisions of the copyright laws.

## **IN-SERVICE EDUCATION: CHANGE**

# PRIVACY ACT: CHANGE

In accordance with the Family Educational Rights and Privacy Act (FERPA), FSCC is prohibited from releasing any information related to a student's grades, academic performance, financial details, or other personal information without the student's explicit written consent.

However, FERPA allows institutions to designate certain information as "Directory Information," which may be disclosed upon request unless the student submits a written request to the registrar within the first ten days of the

semester, specifying that they do not want their information released. In such cases, all Directory Information will be withheld from publication.

FSCC identifies "Directory Information" on each student as the following:

# FIRST ROSTER: CHANGE

Instructors are required to submit First Rosters through Campus Connect after the first week of full-semester classes. Each student must be categorized as one of the following: *Attending, Not Attending, Excused Absence,* or *Do Not Drop.* 

- A student should be marked as Attending if they have attended at least one class session.
- A student who has not attended any class sessions should be marked as Not Attending.
- A student should only be marked as *Excused Absence* if the Dean of Students or Athletic Director has officially designated them as such.
- The *Do Not Drop* designation should only be used in special cases where the student has not attended, but you have relevant information about their plans to attend in the future.

For online courses, *Attending* is defined as submission of coursework or active participation in the course. For courses shorter than 16-weeks refer to the Important Dates provided by the Registrar's Office or contact the Registrar directly for guidance.

# • FIRST ROSTER: ORIGINAL

Within a few days of the start of classes, instructors will receive a class roster containing the names of all students who enrolled in the class. Please cross off the name of any student who is a "no show". Write in the name and social security number of a student who attends but is not listed on the roster. Ask the student if he/she is enrolled. If not, this student must enroll immediately. Please return this initial roster promptly to the Registrar. Instructors teaching at satellite sites may mail or fax the roster to (620) 223-3560, attention to the Registrar. If you fax the class roster, we do not need the original. If your class is a concurrent class and the end date is other than that which appears in the upper right hand corner of the roster, please correct the end date.

# CERTIFICATION ROSTER (20TH DAY ROSTERS): CHANGE

Immediately following the census date (20<sup>th</sup> Day) instructors are required to submit Certification Rosters through Campus Connect.

Each student must be categorized as either Attended or Never Attended based on course participation.

- A student should be marked as *Attended* if they have attended at least one class session.
- A student should be marked as Never Attended if they have not attended any class sessions.

For online courses, *Attended* is defined as submission of coursework or active participation in the course. Logging in to the course does not count as attendance, and such students should be marked as *Never Attended*. For

courses shorter than 16-weeks refer to the Important Dates provided by the Registrar's Office or contact the Registrar directly for guidance.

Certification Rosters play a critical role in determining financial aid eligibility and reporting headcount, credit hours, and FTE to the Kansas Board of Regents. Therefore, it is essential that the information submitted is accurate and timely.

# • CERTIFICATION ROSTER (20<sup>™</sup> DAY ROSTERS): ORIGINAL

Immediately prior to the certification date (20th day), Certification Rosters will be sent by the Registrar. Certification Rosters for all courses (except for concurrent classes and a few isolated, predetermined courses) are completed on Campus Connect. If a student never attended or has stopped attending your class, cross out the name. Please sign and return the Certification Roster promptly to the Registrar. Instructors of concurrent classes may mail or fax rosters to (620) 223-3560, attention to the Registrar. If faxing the roster, it is not necessary to mail the original. Never use a pencil to complete and sign a Certification Roster or Grade Roster. If a student is not attending regularly, please note the date of last attendance, and the Registrar will make a determination about the student's status.

The Certification Roster is the official class list and the basis for FSCC's reimbursement from the State. It is thus critical that Certification Rosters accurately reflect student attendance. Please do not allow someone else to certify rosters; this must be done by the faculty members themselves. Faculty members should check course rolls a week after certification rosters to verify enrollment.

# STUDENTS DROPPED FOR NONPAYMENT: CHANGE

Students must meet the following financial obligations to maintain their course enrollments:

- 1. **Outstanding Balances:** Students who have not paid their previous semester's bill in full by one week prior to the start of classes will be dropped from their courses for the upcoming semester.

Acceptable financial arrangements for the current semester include:

- Full payment of tuition and fees
- Approved financial aid
- A formal payment plan arranged through the Business Office or via the Student Portal

Students are strongly encouraged to ensure that all financial obligations are addressed promptly to avoid disruptions to their academic progress.

## STUDENTS WITHDRAWN FOR NONPAYMENT: ORIGINAL

Students who have not paid by the  $20^{th}$  day of class may be withdrawn by the Business Office for nonpayment. If a student is withdrawn for nonpayment, the student may not come back to class without

the instructor's written permission. The student will receive a W, and it will be the instructor's responsibility at the end of the semester to do a grade-change for the student. The instructor is responsible for checking class rolls after withdrawal for nonpayment has happened (instructors will receive an email), and if a student attends class without being enrolled and without formally applying for reinstatement.

# **GRADE ROSTERS: CHANGE**

Instructors are required to submit final grades via Campus Connect at the end of each semester. The deadline for grade submission is determined by the Calendar Committee, and typically falls 2-3 business days after the last day of finals. All students must receive a grade before the grade roster can be submitted to the Registrar for processing. Any grades of "F" or "W" will require a Last Date of Attendance. It is imperative that grades are submitted accurately by the due date to ensure timely processing of degrees, transcripts, and reporting.

Instructors are also required to submit current grades via Campus Connect three times per semester; no later than the 15<sup>th</sup> of each month:

Fall Semester: September, October, November

Spring Semester: February, March, April

## • GRADE ROSTERS: ORIGINAL

Grades are submitted via Campus Connect (except for concurrent classes and a few isolated, predetermined courses). An email reminder about grades is sent to instructors prior to the due date, and instructors are required to submit grades to Campus Connect by that date. At this point, every student on the roster should be graded.

Students should not be given a W on the grade roster. All withdrawals should have been previously executed, using the Add/Drop Form, in which case the student's name together with the grade of "W" will be printed on the online rosters. Many of our students need their transcript to meet admission requirements of the colleges they plan to attend. Thus, we cannot delay the move of grade data to transcripts while awaiting grades to come in. If grades for a given course have not been submitted within one week of the end of the semester, all students in that class will be given the grade of NA. The final grade will be entered in place of the NA once the grades are received. Please help make each student's transcript as complete as possible the first time by submitting your grades promptly!

# ADMISSION OF STUDENTS TO CLASS: CHANGE

In order to attend a class, students must be officially registered and listed on the class roster. If an unregistered student attends a class, the instructor is responsible for notifying the student of the discrepancy and directing them to the Advising Office to complete the required Change of Schedule Form. This must be completed by the end of the first week of classes.

#### ADMISSION OF STUDENTS TO CLASS: ORIGINAL

To enter a class the student must be listed on the official class roster. A student who attends your class who is not listed on your class roster must be informed of his/her error by the instructor and be instructed to go to the Student Services Office to complete the necessary Change of Schedule Form.

## **ASSIGNMENT OF ROOMS: CHANGE**

Classroom assignments for instructors will be made by the division chairperson and Vice President of Academic Affairs before the beginning of each semester. In the event an assigned classroom is inadequate to accommodate the number of students enrolled in the section, the instructor should notify the Instruction Office immediately. Instructors are responsible for seeing that the lights are out in their classroom and that outside doors are secure if they are the last to leave the classroom and/or building. If the occasion calls for a sizeable physical rearrangement of furnishings, the instructor should contact the Instruction Office.

## ATTENDANCE: CHANGE

Regular class attendance is expected of all students. Any absence from class entails a loss which is difficult to recover. It is the responsibility of the student to make up class work missed for any reason, including college-sponsored activities. A student should not enroll in a course if the student knows that he/she will frequently be absent. At the first-class meeting, the instructor will inform his/her students, of the course requirements and the attendance and grading policies. ATTENDANCE AND GRADING POLICIES MUST BE APPROVED BY THE DIVISION CHAIR AND LISTED ON THE COURSE SYLLABI.

Each instructor will keep an accurate record of attendance. If a student has not attended class for more than a week, the instructor will notify the Advising Office to initiate the early alert process. The student will be encouraged to return to class or to withdraw from the course. When attendance becomes so irregular that the student is in danger of not meeting the course objectives, the instructor will notify the Advising Office, and attempt to notify the student, that an attendance problem exists. It is the specific responsibility of the student to meet the attendance requirements of the class. Failure to meet the attendance requirements of the class will adversely affect the student's grade and, consistent with the instructor's attendance policy, may result in the award of a grade of F. The

student shall not expect or request that the instructor initiate a withdrawal on his/her behalf. The appropriate form for executing a withdrawal from a course must be used and signed by the student. The form is available in the Student Services Office and the completed form should be submitted to the Registrar's Office. Under certain extraordinary circumstances (i.e., sudden and extended family emergency; major health problem preventing continued attendance; sudden recall to military duty) the student may request permission to be withdrawn from his/her classes. This request requires approval of the faculty member and the Vice President of Academic Affairs or Dean of Students. Instructors should not fail students simply for attendance problems but may fail students when their poor attendance impacts their assignments, tests, and other grades. Students are required to abide by the attendance policy outlined in the syllabus.

#### DROPS AND WITHDRAWALS: CHANGE

It is important to distinguish between a "drop" and a "withdrawal." During the first two weeks of a 16-week course a student can "drop" a class, receive a refund of tuition, and have no record of grade/attendance on their transcript. During the third and fourth weeks of a 16-week course a student can "drop" a class without a refund, and have no record of grade/attendance on their transcript. During submission of First and Certification Rosters, the instructor can drop a student for nonattendance. Students can initiate a drop through their Gizmo Student Portal, if eligible, or through the advising office. Subsequent to the certification date, a student may no longer drop a class. The student may, however, withdraw from the class by completing the withdrawal form through the advising office and submitting it to the Registrar. A student who withdraws form a class receives a "W" on their transcript. Withdrawals will not be accepted following the last regular class day prior to the last two weeks of the semester, not including the week of finals. The withdrawal slip must include the advisor, instructor, and student signature. The "W" does not affect the student's GPA but does appear on the student's transcript. The student does not receive a tuition refund.

The responsibility for initiating a withdrawal lies with the student and not the instructor.

## DROPS AND WITHDRAWALS: ORIGINAL

It is important to distinguish between a "drop" and a "withdrawal." Prior to the certification date, a student can "drop" a class, receive a refund of tuition, and have no entry made on their transcript. During this period, the instructor can drop a student for nonattendance. In both cases, the Drop Form should be completed and returned to the Registrar. However, if a student has stopped attending classes during this period, the instructor can note the date of last attendance on the Certification Roster as noted above, and the student may be dropped from the class when the Certification Roster is received by the Registrar. Subsequent to the certification date, a student may no longer drop a class. The student may, however, withdraw from the class by completing the drop form and submitting it to the Registrar. A student who withdraws form a class receives a "W" as a grade. The "W" does not affect the student's GPA but does appear on the student's transcript. The student does not receive a tuition refund.

The responsibility for initiating a withdrawal lies with the student and not the instructor.

Instructors are strongly encouraged not to initiate a withdrawal just because the student has stopped attending class. Likewise, instructors should not allow students to shift the burden of withdrawing them to the instructor. Make it clear to the student that, if they want to withdraw from the class, it is their right but also their responsibility to initiate the withdrawal by completing the drop form and submitting it to the Registrar. Under certain circumstances, such as a student incapacitated by illness or injury, sudden family emergency, recall to military service, etc., the instructor may decide to assume the responsibility for withdrawing the student. This should definitely be the exception rather than the rule. In such a case, please sign and submit the completed drop form and submit it to the Registrar. During the last two weeks of a full semester prior to exam week, the instructor's approval is required for the student to withdraw from class. Both the instructor and student must sign the drop form. Students may not withdraw from a class during final exam week. Students who have not previously been dropped or withdrawn from a course should not be lined out on the grade roster with "dropped" or other border notation added. Rather, they should be awarded the grade they have earned.

#### **INCOMPLETES: CHANGE**

The grade "Incomplete" may be granted to a student only if it can be demonstrated that extenuating circumstances prevent the student from completing the course within the scheduled time frame. Illness or exceptional circumstances are the usual basis for consideration, and students who have been making satisfactory academic progress for seventy five percent of the class may be eligible. An incomplete is counted as "F" in calculation of the grade point average until the student successfully completes all course requirements as agreed upon with the instructor in the written Incomplete Contract. Incomplete contracts can be requested from the Registrar's Office or the Vice President of Academic Affairs Office. The student, instructor, and Vice President of Academic Affairs must all sign the form and return it to the Registrar. When the student fulfills the requirements of the contract, the instructor should submit the revised final grade to the Registrar using the Change of Grade Form. If the student does not complete the work, the original grade stands. The responsibility for completing the work lies with the student.

## • INCOMPLETES: ORIGINAL

If it becomes apparent that a student will not be able to complete the requirements of the course for a good reason but is making satisfactory progress during the last two weeks of a full semester prior to exam week, an instructor may enter into a contract with the student. The student should be given the grade that he/she earns in the class (with the incomplete work grades recorded as a 0 and averaged in), but a contract is developed giving the student a timeframe for completing the course work. Both the student and instructor sign the form and return it to the Registrar. When the student fulfills the requirements of the contract, the instructor should submit the revised final grade to the Registrar using the Change of Grade Form. If the student does not complete the work, the original grade stands. The responsibility for completing the work lies with the student.

## TRANSCRIPTS: CHANGE

Final transcripts will be available the week following final grades submission. A charge of \$10 for transcripts ordered online and a charge of \$5 for transcripts ordered in the Registrar's Office will be required when requesting an official transcript. A student's transcript may be held if certain applicable holds prevent the processing of the transcript.

#### • TRANSCRIPTS: ORIGINAL

Transcripts will be available after ten working days following the submission of all semester course grades. A charge of \$3 is made for each official transcript. Students who have not returned college materials or property or who have not met all financial obligations to the college will have transcripts withheld until the Registrar's Office is notified that these deficiencies have been remedied.

# **CHANGE OF GRADE: CHANGE**

The following grade change policy is for changes made within one semester following award of the final grade.

After a faculty member has reported a final semester grade to the Registrar's Office, he/she may not change that grade except by the following procedures:

- Complete the Change of Grade Form available in the Registrar's Office and submit it to the Registrar.
- Copy of the Change of Grade Form will be retained by the Registrar.
- The Registrar will see that the change is made on the student's permanent record and notify the student of change. The Registrar will not change a grade report except in instances where the instructor has initiated a change of grade. All grade changes will require a signature by the Vice President of Academic Affairs.

# • CHANGE OF GRADE: ORIGINAL

The following grade change policy is for changes made within two years of the final date of the semester in which the incorrect grade was recorded. After a faculty member has reported a final semester grade to the Registrar's Office, he/she may not change that grade except by the following procedures:

- Complete the Change of Grade Form available in the Registrar's Office and submit it to the Registrar.
- o Copy of the Change of Grade Form will be retained by the Registrar.
- The Registrar will see that the change is made on the student's permanent record and notify
  the student of change. The Registrar will not change a grade report except in instances where
  the instructor has initiated a change of grade. Changes after two years will also require the
  Dean of Instruction's approval.

## **CLASS RECORD BOOK: REMOVE**

## CLASS RECORD BOOK: ORIGINAL

The faculty member is required to retain class records for at least one year after completion of a course. If the instructor does not intend to teach the following semester, he is requested to submit all class records for the previous semester to the Registrar's Office.

#### **FACULTY ROLE IN ADVISING STUDENTS: NONE**

Faculty in occupational and technical programs such as Nursing, Cosmetology, Harley Davidson, John Deere, Construction Trades, and Truck Driving act as advisors for students in their subject areas in conjunction with the Advising Office.

#### INSTRUCTIONAL MATERIALS AND PROFESSIONAL LIBRARY: CHANGE

Instructors are encouraged to develop, use and maintain a relevant and up-to-date core of resource materials in the classroom. The Division Chairs and Directors will submit instructional materials budgets to the Vice President of Academic Affairs each year at a time designated by the Vice President.

The Vice President of Academic Affairs, in conjunction with the Director of Library Services, will ascertain the titles of professional magazines, books, pamphlets, and other such literature to be placed in the library of the college. A budget for the library shall be included in the instructional resource budget each year. All purchases will be made in accordance with Board policies. All orders for instructional materials other than textbooks, expendable materials, and film rentals (rental of videos from Greenbush are sent to the library and paid from the library budget) will be channeled through the Director of Library Services to the Vice President of Academic Affairs for approval, then to the Vice President of Finance and Operations of the college. Such materials would include all items to be catalogued and circulated, e.g., books, magazines, computer databases, video tapes and DVDs, etc. The Director of Library Services will assess the needs of the collection with the help and advice of instructors and with due consideration given to needs of the student. Final decisions as to the areas of emphasis in any given year will rest with the Director of Library Services and the Vice President of Academic Affairs. Instructors' professional advice will be solicited in making selections of materials. The Director of Library Services may order for that level or department from standard selection tools.

Recommendations received from faculty, staff, students and patrons will be placed in a consideration file and will be reviewed to ascertain whether they meet selection criteria as set forth by the Board. The collection will be evaluated by the Director of Library Services or designated representative from the instruction office in relation to changing curriculum, new instructional methods, and current needs of teachers and students.

## **SELECTION OF NEW TEXTS: CHANGE**

Instructors are responsible for the selection of textbooks and any other materials needed for their classes; instructors are strongly encouraged to include adjunct and concurrent faculty who regularly teach in the decision-making process concerning textbooks for a subject area. Instructors should inform all adjunct and concurrent instructors teaching the course that a book change has occurred as soon as reasonably possible to ensure that the instructors have ample time to prepare. Textbook Requirement Forms may be obtained from the bookstore. The form should be used to request any and all books, and/or supplies, used for each class, day and evening, every semester. When the form has been completed by the instructor it should be approved by the Division Chairperson, signed by the Vice President of Academic Affairs, and submitted to the Bookstore. Deadlines for submitting orders are as follows:

Fall Semester: March 15 Spring Semester: October 15 Summer Semester: March 1

\*Note: Faculty members will be advised of edition changes as soon as the bookstore receives notification. Desk copy request forms may be obtained at the bookstore. Since bookstores are no longer able to obtain desk copies, a convenient form is provided to assist faculty in obtaining a desk copy. Discounts are given to faculty and staff members on purchases made at the bookstore. The purpose of the bookstore is to serve the faculty, students, and campus as a whole. Any suggestions, complaints or comments are welcome.

## FACULTY SUPPORT SERVICES/SUPPLEMENTAL INSTRUCTION: CHANGE

Student Success Center staff are available to support the faculty by offering out-of-class learning opportunities for students. Faculty may place supplemental learning packets in the Student Success Center for students to complete during their out-of-class time.

The Student Success Center offers a variety of services for students of all ages:

- Free tutoring is available to all students. Peer tutor program is designed to help students who are experiencing
  difficulties in a particular course. Peer tutors are high-performing students who have received training in
  tutoring policies and techniques.
- Test accommodations are available for special needs students.
- Specialized learning software programs are used by some faculty members as class supplements. These programs can also be accessed by students who need or want extra practice or review in a certain area.
- Quality technology is available to all students through the use of computers. Whether it's typing term papers, checking email, or surfing the internet, students can use computers for personal or educational use.
- Assessment testing is available for any prospective student. This FSCC placement test is similar to the ACT and aids in placing students in the correct course for their skill level.

#### **SYLLABUS FOR COURSES: CHANGE**

Accrediting agencies have requested that a course syllabus outlining each course offered by the college be available. Instructors should send syllabi as early as possible to the Instruction Office. The composition of these documents is the responsibility of the instructor or instructors teaching the course. All students enrolled in a course must be furnished a copy of the syllabus on the first day of attendance.

## • SYLLABUS FOR COURSES: ORIGINAL

Accrediting agencies have requested that a course syllabus outlining each course offered by the college be available. Instructors should send syllabi as early as possible to the Instruction Office. The composition of these documents is the responsibility of the instructor or instructors teaching the course. One copy should be provided to the Instruction Office and second copy to the Learning Resource Center. All students enrolled in a course must be furnished a copy of the syllabus on the first day of attendance.

#### SYLLABUS CONSTRUCTION: CHANGE

A syllabus is a powerful teaching tool. It is a contract between instructors and students that establishes clear expectations by introducing them to learning outcomes and content area. Every course syllabus should follow the master syllabus template available in the Instruction Office. The syllabus must include a brief description of the course, learning objectives for the course and any required or recommended readings. Every course syllabus is made available to students and made available online. Included in the template are the following:

- Course outcomes and competencies- knowledge and skills the student is supposed to possess by the end of the course. Use Bloom's taxonomy.
- Method of instruction- the kinds of instructional methods and other instructional aids (e.g., field trips, resource speakers, library research, instructional media, etc.) used to accomplish above aims and objectives.
- Method of evaluation- a detailed explanation of how the final semester grade is determined (e.g., daily work 40%, tests 20%, research paper 20%, final examination 20%).
- Student performance and behavior- emphasizing student behavior and expectation that helps them succeed.
- Attendance-attendance and participation policy.
- Course outline-acts as a guide for the students including units, assignments and due dates.

# • SYLLABUS CONSTRUCTION: ORIGINAL

A syllabus, as it is defined, is merely a design for teaching. Sound and thorough pre-planning promotes confidence. One of the greatest obstacles to effective teaching occurs when the instructor lacks the clarity of purpose for the course. The function of the syllabus preparation is to aid instructors in crystallizing their

plans for what to teach and how to teach it. The syllabus template is available on the Employee Pages of FSCC's website, and it should be followed as closely as possible. Included in the template are the following:

- Course objectives student outcomes you desire or expect. Use the language you desire in realistic terms. For some courses, this might be behavioral objectives addressed to the student in terms he/she can perceive and understand. (i.e., skills attained, facts learned, values examined, appreciations gained, etc.)
- Methods and procedures the kinds of instructional methods and other instructional aids (e.g., field trips, resource speakers, library research, instructional media, etc.) used to accomplish above aims and objectives.
- Evaluation techniques proposals for measuring the extent to which students reach the aims and objectives set forth above (e.g., group testing individual examinations, conferences, performances, etc.)
- Grading system a detailed explanation of how the final semester grade is determined (e.g., daily work 40%, tests 20%, research paper 20%, final examination 20%).
- Comprehensive outline of subject content units, outlines, or other forms for showing the content of the course.
- Supplementary texts and reading lists required or suggested supplementary texts and required or suggested reading lists. Indicate books placed on reserve in the Learning Resource Center. (Including the library call number would be helpful.)
- Attendance Policy file two copies of each syllabus in the Instruction Office. This office will forward one copy to the Librarian.

# **GRADE SHEETS: REMOVE**

#### GRADE SHEETS: ORIGINAL

Grade sheets are due in the Registrar's office immediately following the close of each reporting period. If the student has previously withdrawn from class there will be a "W" in the grade slot. All withdraws must be completed prior to the start of Final Exam Week. Any incomplete (INC) grades should be accompanied by Incomplete Contract Forms which are available in the Registrar's Office.

learning activities

- 3. On-the-job training, internships, or clinical experiences in health occupations: 2700 minutes = 1 credit hour.

# PURCHASE OF TEACHING EQUIPMENT/INSTRUCTIONAL SUPPLIES: CHANGE

As a faculty member gets into the academic year there are numerous items and types of equipment needed to support the classroom educational process. Faculty members are urged to consult with their division chairperson for their teaching equipment needs to find out what is available and what has to be purchased. If a decision is reached between the Division Chairperson and the faculty members to purchase certain items, the procedure should be as follows:

- (a) Discuss the need for purchase with the Division Chairperson and Vice President of Academic Affairs.
- (b) To purchase instructional supplies the faculty member must first submit a purchase requisition on the college computer system. The requisition must include a complete description of supply to be ordered and cost (estimate if necessary). ## B. RESOLUTION 2024 - 69: CONSIDERATION OF INTERNATIONAL STUDENT DEPOSIT POLICY

**BACKGROUND:** Following is the policy that was presented for review at October's regular meeting to address international student deposits.

As International Student Coordinators at Fort Scott Community College (FSCC), we would like to propose that FSCC implement a policy requiring prospective international students to make a down payment of \$1,500 before the issuance of an I-20. This payment would be in addition to the non-refundable \$50 application fee and the \$125 housing application fee, if applicable.

Currently, FSCC requires proof of financial support for one academic year, amounting to approximately \$13,000, in line with Department of Homeland Security regulations. However, we have observed that many students, despite providing proof of funds, arrive in the U.S. without sufficient financial resources to cover their tuition and fees. This situation leaves students unable to meet their financial obligations each semester.

Additionally, we have seen a rise in fraudulent applications from individuals seeking to enter the U.S. under an F-1 visa without genuine intentions to study.

We believe that implementing a down payment requirement would help deter fraudulent applicants and reduce the outstanding debt owed to FSCC. This policy has been successfully adopted by several Kansas community colleges, with positive results.

Thank you for considering this proposal. We look forward to discussing this further and exploring ways to ensure the financial sustainability of our international student program.

Sincerely,

Preecia Howser (DSO) and Courtney Metcalf (PDSO) International Student Coordinators

**RECOMMENDATION:** It is recommended the Board approve the International Student Deposit Policy as presented.

#### MISSION: NONE

Fort Scott Community College is an institution of higher learning with a long history of culture and diversity that provides affordable academic, technical and occupational programs to meet student needs while fostering mutually supportive relationship between the college and its communities.

#### **HISTORY OF THE COLLEGE: CHANGE**

On October 18, 1918, the Board of Education of Fort Scott, Kansas, met in a special session to consider the question of providing an extension of the high school program in the city as prescribed by Chapter 238 of the Kansas Laws of 1917. The election on November 5, 1918, provided for the adoption or rejection of the high school extension program. Minutes of the May 12, 1919, Board meeting note the employment of five teachers for Fort Scott Junior College at salaries ranging from \$1200 to \$1800 per year.

Classes under D. H. Ramsey, Superintendent, and Rees Hughes, Principal, were held in the high school at Tenth and Main streets. The first junior college class had seventeen members, and the first graduating class had two members: Ethelyn Hamlin and Kathryn Leffler. Under the law, four colleges were established in the fall of 1919, but two of them failed. Only Fort Scott and Garden City continued. Because Garden City did not operate during the war years, Fort Scott is the oldest public junior college in Kansas. By 1939, 347 students were enrolled in the college with a graduating class of 96. Enrollment dropped during the war years but soared again after the war.

The 1965 Kansas Legislature passed an act, H. B. 93, now listed as K.S.A. 72-6901, requiring the separation of Kansas Junior Colleges from the public school system. On July 1, 1965, the college became Fort Scott Community Junior College, with Bourbon County as its taxing district. That same year, Bourbon County voted to authorize \$790,000 general obligation bonds for the acquisition of 132 acres of land on the southwest edge of Fort Scott. Official separation took place on July 1, 1966, but the college continued to share high school facilities until the fall of 1967 when the new campus was occupied. Dedication of the new academic and vocational facility was held in October 1967. In 1968, the college underwent a self-evaluation for the State Department of Education. This was to be the first in a series of steps taken toward full accreditation by the North Central Association of Colleges and Schools. While the college continued its self-study, the Board of Trustees and administration employed the firm of Marshall and Brown, Architects and Engineers, to help create a master building and campus plan.

As enrollment continued to increase, it became apparent that a dormitory and student center was needed. A HUD interest-subsidy grant was obtained, and revenue bonds were sold to raise funds for this complex, which was completed in the fall of 1973. The east part of the complex was designed for the college administrative offices. In 1990, fifteen new rooms were added to the west end of the dormitory, allowing additional space for 30 students.

With more students enrolling in the vocational classes, a need soon developed for more vocational offerings to enable Fort Scott Community College to fulfill its expanded mission of providing opportunities for career improvement. During the next two years, 1979 and 1980, the agriculture program was expanded as the livestock judging and rodeo teams enjoyed a high degree of success. At the time the college was renting the high school physical education facilities, including the football stadium. With increased national attention focusing on women's athletic programs, the local high school needed its physical education facilities at all times. Also, the college recognized the need for more intramural sports and an expanded women's athletic program. At its April 21, 1980,

meeting, in response to these needs, the Board of Trustees voted to consider the erection of a \$230,000 multipurpose building to be used for agricultural proposes and intramural sports. Later the decision was made to proceed with the construction of this building; funds came from the one mill capital outlay levy. The building was completed in 1981 and named Arnold Arena in honor of retiring college administrator Emory R. Arnold.

In 1986, the Board of Trustees authorized a grant for EPA funding to be used for construction of an Environmental Water Technology Building to be completed between Arnold Arena and the administrative building. This building was named the N. Jack Burris Hall.

The college was granted correspondence status by the North Central Association in July 1960. Various consultants were employed from 1969 until April of 1976 when Fort Scott Community College was granted full membership, subject to submitting a progress report in January of 1977 and a comprehensive evaluation in the fall of 1980. The 1980 evaluation preceded a focus visit in 1982 and a comprehensive evaluation visit in 1985-86, which resulted in accreditation through the 1992-93 school year. In 1993, the North Central accreditation was extended through 2003. With FSCC's admission into the Academic Quality Improvement Program (AQIP) in 2001, North Central Association (NCA) accreditation was reaffirmed through 2009. Following an AQIP Quality Checkup site visit in 2008, NCA accreditation was reaffirmed through 2016.

In 2001, a new maintenance building was completed at the northwest corner of the campus.

Boileau Hall is located to the northwest of Burris Hall. This dormitory houses more than 100 students in a suite-type environment. The building opened in 2002. It offers students a relaxed living atmosphere with a game room, spacious quarters, and a 103 space parking lot.

In 2004, FSCC purchased the Sisters of Mercy Convent upon its closing. The Convent is where the nursing program began. After some remodeling, FSCC has renovated the space for community rooms, the Nursing program, and for high school equivalency instruction. The three story building also includes room for program expansion.

Also in 2004, FSCC remodeled a wing of the old Miami County Hospital in Paola. In August of 2004, FSCC moved its Paola campus to 501 S. Hospital Drive. This expansion nearly doubled FSCC's campus in Paola and created more opportunities for programs in the northern tier.

The Danny and Willa Ellis Family Fine Arts Center opened in April 2009. The Center includes three major areas: 1) Theatre with 604 seats; 2) The Ken and Charlotte Lunt Lobby and The Gordon Parks Museum; 3) Kathy Ellis Academic Hall. The Kathy Ellis Academic Hall houses art, music, speech and theatre classrooms, three general classrooms, two art classrooms, three instrumental and vocal classrooms, four music practice rooms, a piano lab, and storage rooms. The Gordon Parks Museum, a tribute to Fort Scott-born Gordon Parks who was a photographer for Life magazine, a filmmaker, writer, composer and activist, houses 30 of Mr. Parks' iconic photographs, personal items, and more. The Lunt Lobby includes three separate 600-square foot meeting rooms that can be used as one large meeting room with partitions opened.

In 2010, FSCC successfully secured the Kansas National Guard Armory building for campus expansion. John Deere is housed in the armory and Welding is the building adjacent.

The original Academic Building was renamed Robert & Sylvia Bailey Hall in 2011.

In 2014, the School of Cosmetology moved into the building at the southwest corner of Bailey Hall. The College

also opened the new rodeo building for rodeo student-athletes. In 2019, the new Cleaver, Boileau, and Burris Agricultural Hall expansion was made possible thanks to generous donations from Chester Boileau and Lonnie Cleaver estates. The expansion consists of an extra 2,533 square feet, making the building 6,680 square feet! The extension has new offices, classrooms, bathrooms, and a trophy area to display our prestigious winnings from the Livestock and Meat Judging teams.

In 2021, FSCC acquired the Garrison Apartments, which are located just down the street from the main campus. The building was renamed the FSCC Garrison Apartments and became the second off-campus housing option in addition to Greyhound Lodge.

## • EVALUATION OF FACULTY MEMBERS: ORIGINAL

Instructional development and evaluation at the college are viewed as a continuing and cooperative process to assess and improve instructional quality. In this effort, instructional faculty, students, and administrators work together by reviewing general and specific instructional responsibilities, examining internal conditions, determining whether they meet the individual responsibilities satisfactorily, and by deciding on changes in these areas. The specific objectives of instructional development and evaluation at the college are to promote professional excellence and improve skills of the instructional faculty, to improve student learning and growth, and to provide a basis for the review of the performance of instructional personnel.

To accomplish the above objectives of the college, three evaluation development components are utilized. These components are self-evaluation, student evaluation, and administrative evaluation. #### **COMPENSATION: NONE**

Classified salaries are determined on a salary range, which accounts for the levels of difficulty, experience, and education required in the position. Individual classified salaries are also determined by considering the four factors below:

Market price – the salaries other employers pay for similar jobs.

The pool is intended to be used by participating full-time classified staff if they have exhausted their own sick leave, vacation, and personal days due to a catastrophic illness or injury to themselves. A classified staff employee may request special consideration for absences due to injury or illness of an immediate family member.

<u>Definition of Catastrophic Injury or Illness</u> – A catastrophic injury or illness is defined as a severe health condition illness, injury, impairment, or physical or mental condition) that involves in-patient care in a hospital, hospice, residential medical care facility, or continuing treatment by a health care provider so severe in nature to have caused

At the time the Sick Leave Pool is established and approved by the Board of Trustees, any classified staff employee wishing to participate in the Sick Leave Pool will be allowed to contribute two days to the pool. After the establishment of the pool, the following rules will apply:

The Sick Leave Pool is created by allowing full-time classified staff at Fort Scott Community College to contribute sick days from their accumulated sick leave. Classified staff will receive a Sick Leave Pool contribution form either before or with their April paycheck each year. Those wishing to contribute to the Sick Leave Pool should complete the form and return it to the Human Resource Department no later than May 5.

The Sick Leave Pool is managed/administered by a committee made up of classified staff employees of the Employee Relations SOAR committee. All recommendations for usage will be submitted by the committee to the College President for final approval.

Meetings to consider usage applications for the classified sick leave pool will be scheduled as needed. In order to utilize the Sick Leave Pool, the classified staff members must have contributed a minimum of two days during enrollment opportunities. The sick leave pool committee will not entertain requests from staff members who did not contribute during the previous school year unless unanimously determined as an exception by the committee.

The minimum contribution by each staff member is two days, and the maximum number of days that may be contributed in a year is four days.

The Sick Leave Pool has a maximum level of 250 contributed sick days. The maximum level can only be increased by approval of the FSCC Board of Trustees. If the pool falls below ten days, an open enrollment can be determined by the College President.

Open enrollment is a condition whereby any full-time classified staff member may contribute a minimum of one day and a maximum of two days in order to increase the number of available days in the Sick Leave Pool. Open enrollment can only be called by the College President and will be limited to ten working days.

Under normal conditions, the sick leave pool committee may only award a maximum of ten sick days to any participating member within one school year. The committee may increase the maximum number of sick days available from the Sick Leave Pool, but only with an exception granted by the Employee Relations Sick Leave Pool Committee and approved by the College President.

Days contributed by pool members become a permanent part of the Sick Leave Pool and can never be directly refunded to the participant. Participating staff members may qualify for the use of the Sick Leave Pool days if they exhaust all their accumulated sick leave, vacation, and personal days. The Sick Leave Pool may not be used to cover a participant who is receiving pay or is eligible to receive pay from worker compensation, KPERS disability, or other disability insurance or assistance while unable to work. Twenty-six work weeks of leave during a single 12-month period to care for a covered servicemember with a serious injury or illness if the eligible employee is the servicemember's spouse, son, daughter, parent, or next of kin (military caregiver leave).

The leave shall normally be unpaid leave. However, if the employee has vacation, personal, sick, or disability leave that is available for use, the paid leave shall be used first and counted toward the annual family and medical leave. The President will notify the employee prior to or during the leave period that the leave has been designated as paid family and medical leave.

Employees are eligible for leave if they have worked for their employer at least 12 months, at least 1,250 hours over the past 12 months, and work at a location where the company employs 50 or more employees within 75 miles. Whether an employee has worked the minimum 1,250 hours of service is determined according to FLSA principles for determining compensable hours or work.

During the period of any unpaid family and medical leave the Board shall continue to pay the employer's share of the cost of group health benefits in the same manner as paid immediately prior to leave. Any employee portion of the cost shall be paid by the employee to the college on or before the payroll date. The Board may terminate group health coverage if the employee payment is not received within 30 days of the due date.

When leave is foreseeable, the employee shall give written notice 30 days in advance. If leave is not foreseeable, notice will be given as soon as practicable. Family leave may not be used intermittently or on a part time basis without the prior approval of the President. Upon the employee providing notice of need for leave, the employer will notify the employee of:

- The reasons that leave will count as family and medical leave

The leave shall normally be unpaid leave. However, if the employee has vacation, personal, sick, or disability leave that is available for use, the paid leave shall be used first and counted toward the annual family and medical leave. The President will notify the employee prior to or during the leave period that the leave has been designated as paid family and medical leave.

The employee is eligible for family and medical leave upon completion of 12 months of service and has been employed at least 1250 hours during the preceding year.

During the period of any unpaid family and medical leave the Board shall continue to pay the employer's share of the cost of group health benefits in the same manner as paid immediately prior to leave. Any employee portion of the cost shall be paid by the employee to the college on or before the payroll date. The Board may terminate group health coverage if the employee payment is not received within 30 days of the due date.

When leave is foreseeable, the employee shall give written notice 30 days in advance. If leave is not foreseeable, notice will be given as soon as practicable. Family leave may not be used intermittently or on a part time basis without the prior approval of the President. Upon the employee providing notice of need for leave, the employer will notify the employee of:

- The reasons that leave will count as family and medical leave

#### JURY DUTY: NONE

An employee called to jury duty may be paid regular wages if said employee endorses all jury duty pay over to the college, except for reimbursement for mileage and subsistence.

#### **DISABILITY LEAVE: NONE**

If an employee's illness or injury requires a leave of absence for more than 12 weeks, the College may, with satisfactory medical evidence, extend an employee's leave for an additional 14 weeks, or a total of 26 weeks in an 18 month rolling period. The college will grant the employee reinstatement to his/her job (assuming it has not been eliminated) at the end of the 26 week period if the employee can continue to perform the job with or without reasonable accommodation.

The employee will be responsible for the total cost of the health insurance premiums on any health insurance coverage the employee or the employee's family is receiving through the college during this extended leave period, unless otherwise provided by law. Employees will not accrue paid time off while on Disability Leave.

While on Disability Leave, employees are required to report to their supervisor at least every thirty days regarding the status of their medical condition and their intent to return to work. Employees will be required to provide satisfactory medical evidence substantiating their need for continued leave.

If at the end of the Disability Leave, an employee is still not able to return to their job because they are unable to perform the job, either with or without reasonable accommodation, due to illness or injury, then the college may allow the employee to bid for any unfilled position that the employee is qualified for and capable of performing with or without accommodation. In all events, if an employee is unable to return to either their job or an unfilled position which they are qualified for and capable of performing, because of illness or injury for a period of twenty- six weeks within an eighteen month rolling period, the employee shall be separated from employment.

#### **MILITARY LEAVE: NONE**

FSCC is committed to protecting the job rights of employees absent on military leave. In accordance with federal and state law, it is the policy that no employee or prospective employee will be subjected to any form of discrimination on the basis of that person's membership in or obligation to perform service for any of the Uniformed Services of the United States. Specifically, no person will be denied employment, reemployment, promotion, or other benefit of employment on the basis of membership. Furthermore, no person will be subjected to retaliation or adverse employment action because such person has exercised his/her rights under this policy.

In addition to the rights and benefits provided to employees taking Extended Military Leave (as described in this policy), eligible employees who must be absent from their job for a period of not more than ten working days each year in order to participate in temporary military duty are entitled to as many as ten days unpaid military leave. All

benefits will continue during an employee's temporary military leave.

Employees directed to participate in extended military duties in the U.S. Armed Forces that exceed ten working days will be placed on an unpaid military leave of absence status for a period of as long as five years and will be entitled to the rights and benefits described below:

The employee will provide his/her supervisor with notice within thirty days of the leave that he/she will be engaging in military service, including providing a copy of the orders directing the military duty unless the employee is prevented from doing so by military necessity. Failure to provide adequate notice may render the employee ineligible for the rights and benefits described in this policy.

The supervisor will notify the Human Resource Department of the request for leave and provide all information for the personnel file. An employee on extended military leave may elect to continue group health insurance covered for the employee and covered dependents under the same terms and conditions for a period not to exceed thirty-one days from the date the military leave of absence begins. The employee must pay, per pay period, the premium normally paid by the employee. After the initial thirty-one day period, the employee and covered dependents can be covered under the terms of the health insurance provider. The Human Resource Department will collect any applicable insurance premiums from the employee prior to the leave.

Employees on temporary or extended leave may, at their option, use any or all accrued paid vacation or personal leave during their absence.

When the employee intends to return to work, he/she must notify the Human Resource department within a reasonable timeline. Upon the employee's reapplication for employment, the employee shall provide documentation for military discharge that establishes timeliness of the application for reemployment. If the employee does not return to work, the supervisor must notify Human Resources so that appropriate action may be taken.

#### **LEAVE WITHOUT PAY: NONE**

Leave without pay may be granted only when all other forms of leave have been exhausted. Excessive absenteeism causes disruption to the duties of the position. Excessive absenteeism can result in disciplinary action.

## **WORKER COMPENSATION: NONE**

The college participates in worker compensation as required by current statute. Under the Worker Compensation Law, employees are entitled to certain benefits if they are injured on the job or suffer from an occupational illness. If an employee sustains an injury or contracts a disease believed to be related to employment, the employee must report it to the supervisor immediately. A report on the injury or disease must be completed in the Human Resource Office. Combined worker compensation and salary benefits under allowed sick leave or other available leave shall not exceed the employee's regular salary. To ensure benefits, claim forms must be filed in a timely manner.

#### **UNEMPLOYMENT INSURANCE: NONE**

Should an employee separate from FSCC, the employee may be eligible for unemployment compensation, depending on earnings during the past year, the nature of the employment, and the conditions of the separation.

A spouse and/or dependent children whose coverage terminated due to divorce, legal separation, or death of the employee is eligible for COBRA coverage for up to 36 months from the date of the terminating event. A dependent child whose coverage terminated due to loss of dependency status is eligible for continuation of group coverage under COBRA, extended for up to 36 months from the date of the terminating event. Any individual with COBRA coverage who becomes entitled to Medicare will no longer be entitled to COBRA coverage. The student-athlete must complete the online fourhour course, monitored by the Dean of Students, within 15 days of the date the penalty is issued. The cost of the course is \$25 which will be paid by the student-athlete. If the resident/student-athlete fails to complete the course within the time limit, the student-athlete is subject to disciplinary action up to and including expulsion from the College and/or removal from campus housing.
- Compliance with this substance abuse program is mandatory for all studentathletes who wish to participate in intercollegiate athletics at Fort Scott Community College. - The Dean of Students will contact Head Athletic Trainer regarding random testing date/dates and provide a list of student-athletes for testing. Documentation for reasonable suspicion testing will be provided to the Head Athletic Trainer and Athletic Director for testing.
- Upon being notified: the Head Coach and Athletic Director will exhaust all measures of contacting the necessary student-athlete(s) for testing (i.e. finding athlete in class, contacting athlete in dorm room, calling the athlete. - The student-athlete will have two (2) hours to report to the Athletic Training Room.
- If the student-athlete does not show up or comply, this will constitute a
  1<sup>st</sup> positive test. The student-athlete is encouraged to arrive 10-15
  minutes early for drug testing in the Athletic Training Room.
- The Athletic Training Room will shut down all operations during drug testing. The Training Room door will shut promptly at the beginning of drug testing. Once the door shuts, nobody can come in. No exceptions. If the student-athlete is late and arrives after the door is closed, it will constitute a 1<sup>st</sup> positive test.
- The testing will be conducted by FSCC Athletic Training staff and will be an observed test. This means that the student-athlete will be monitored by a staff member of the same gender and the staff member will watch the urine leave the body of the student-athlete directly into the collection cup. This helps aid any sample alteration and makes sure no other devices are used to alter the sample.
- After drug testing begins, each student-athlete will have 1-hour to produce a valid 30 mL sample. If one is over hydrated, it will not read, and the 1-hour clock will restart.

#### First Positive Test

- Upon notification by the provider of a positive test, the head trainer will notify the student-athlete, athletic director, and head coach of the positive test result. As a result of the positive test, the student-athlete

- will immediately be suspended from intercollegiate athletics (practice and games) for a term of 14 days.

## E. RESOLUTION 2024 - 72: CONSIDERATION OF PROGRAM REVIEW POLICY REVISION

**BACKGROUND:** Following is the current program review policy with a proposed change in the frequency changing from once every three years to once every three to five years. Many institutions conduct program reviews in a five to seven year cycle.

#### PROGRAM REVIEW

Periodically, all programs need to be revisited to ensure they are meeting the needs of students and the institution. A systematic program review showcases the strengths of a program and may provide insights into areas of improvement. Program evaluation serves the following purposes:

- Confirms the importance of the program as a part of the college or college curriculum
- Explains how the program meets the needs of students and serves the institution
- Provides the opportunity to expand or contract services as needed
- Provides an incentive to develop innovative new programs, creative approaches to instruction, and interdisciplinary connections in learning

All programs and departments will be reviewed every three years; a three year staggered plan will be established for the future program review process. All programs and departments are reviewed once every three to five years.

**RECOMMENDATION:** It is recommended to approve the Program Review Policy as revised.
